WordPress, Microsoft Office, Canva, HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js, React.js, Handlebars.js, MERN, WordPress, MySQL, NoSQL, MongoDB, Git, GitHub, Heroku

Experience

Freelance Web Designer   Daytona Beach, FL *2018-current*
- Designed WordPress website for non-profit corporation, implementing Stripe to raise money to donate teddy bears to children in the hospital. https://www.hugsfrommimi.com
- Built WordPress website to educate elderly how to decrease fall risk and increase home safety and independence. https://homesafetycoach.com
- Currently rebuilding WordPress website for travel bloggers to teach people how to full time RV across the country. (Site currently under construction.)
- Currently creating a costume inventory management app for busy dance studio directors to track costume inventory. https://shrouded-forest-00815.herokuapp.com/

President/Founder
Hugs from Mimi, Inc.   Daytona Beach, FL *2014-current*
Nonprofit Corporation founded in memory of my beautiful Mom who loved children and gave the best hugs. Our mission is to provide comfort and smiles to children in the hospitals, in shelters, and during calls run by firefighters. To date, we've given over 4,500 Mimi bears so far.
- Provide leadership to 16 volunteers by organizing monthly meetings and scheduling teams to unpack and prepare 45-70 teddy bears for monthly deliveries.
- Coordinate pick up and deliveries of teddy bears to hospitals, fire departments, shelters.
- Update social media with current number of bears delivered, pictures, and plans.
- Order teddy bears from wholesalers, track inventory, and maintain supply.
- Maintain WordPress website and updates to plug-ins and hosting.

Safety Coach
Home Safety Coach, LLC   Online *2020-2021*
- Created website to share physical therapy experience and knowledge working with thousands of people in order to help elderly reduce their fall risk to avoid going to the hospital.
- Built online courses for bed mobility, transfers, ambulation, stair training, balance, exercising, and home safety to educate elderly how to improve each phase of functional mobility in order to age in place and avoid assisted living.
- Content creation for social media and blog to reach elderly population and their families.
- Designed landing pages to engage potential customers and offer free information through Facebook ads.

- Authored 50+ email templates for email marketing campaigns and broadcasts to stay in touch with email subscribers.

Physical Therapist Assistant - Home Health
Therapy Partner Solutions   Ormond Beach, FL   *2010-2021*
- Provided physical therapy according to POC for patients with various diagnoses such as orthopedic, neurological, cardiac, respiratory, ambulation, and balance deficits.
- Updated EMR software to maintain accurate records of patient progress, current condition, and response to treatment.
- Educated and trained patients and caregivers in functional mobility both independently and with an assistive device.
- Exhibited clear written and verbal communication skills to patients, caregivers, family members, and coworkers during team meetings, case conferences and in documentation.
- Utilized problem-solving and critical thinking skills to increase safety in the home.
